Skin problems

✓ DRY

✓ Large pores

✓ Peeling

✓ Pruritus

✓ Wrinkle

Usage method

Add 30ML water or adjusting water to the film powder and stir quickly clockwise

Stir evenly and apply the film on the forehead and cheek quickly

After 15-20 minutes, wet the edges of the film with water and pat the film gently

Uncover the soft film completely, clean the face with clean water (2 do not wash) and then the follow-up skin care products can be
